ENGLISH SYNOPSIS

18th century Kazakhstan, a vast, pitiless region of austere and terrible beauty, bordered by China, Russia and Tibet. Here the proud and warlike Kazakh tribes have survived and fought for centuries - against invaders, against their formidable Jungar enemies and amongst themselves.

Oraz, a mystic warrior possessed of great powers, foretells the birth of a new star, a hero. This boy - Mansur - is destined to unite the Kazakhs, and lead them to glorious victory against their enemies. Fearful of Oraz' prediction, the Jungar ruler Galdan orders his General, Sharish, to find the child and slay him. However, Oraz saves Mansur and delivers him to his father, Sultan Wali...

Extraordinary landscapes and ravishing design provide the exotic backdrop against which the breathtaking action is played out. Good confronts Evil, friendship is forged in adversity and tested by jealousy, love is sacrificed on the altar of Fate. And a legend is born.

Academy Award-winning screenwriter Rustam Ibragimbekov (*Burnt by the Sun*, *Close to Eden*, *The Barber of Siberia*) and Golden Globe / Emmy winning director Ivan Passer (*Stalin*), alongside co-director Talgat Temenov, have amassed a wealth of international talent both behind and in front of the camera - including costume designers Marit Allen (*Hulk*, *Eyes Wide Shut*, *Dead Man*) and Michael O'Connor (*Harry Potter and The Chamber of Secrets*, *Grey-stoke*), renowned swiss cinematographer Ueli Steiger (*The Day After Tomorrow*) and award-winning production designer Miljen Kreka Kljakovic (*Delicatessen*, *Underground*) - to breathe vibrant life into their monumental vision of honour and treachery, passion and sacrifice, bloody conflict and triumphant rebirth.

SYNOPSIS FRANÇAIS

Le Kazakhstan du XVIIIe siècle, une région vaste et impitoyable à la beauté austère et terrifiante, bordée par la Chine, la Russie et le Tibet. C'est ici que vivent depuis des siècles les fières tribus guerrières Kazakhs et qu'elles se battent contre les envahisseurs, contre leurs redoutables ennemis, les Jungar, et entre elles.

Oraz, un guerrier mystique aux pouvoirs sur-naturels, prédit la naissance d'un héros. Ce garçon, nommé Mansur, est destiné à unir les Kazakhs, et à les conduire à une glorieuse victoire contre leurs ennemis. Craignant que la prédiction d'Oraz ne se réalise, Galdan, le chef des Jungar, ordonne à son général, Sharish, de trouver l'enfant et de le tuer. Mais Oraz sauve Mansur et le confie à son père, le sultan Wali...

SYNOPSIS DEUTSCH

Im 18. Jahrhundert kamen verschiedene Nomadenstämme überein, Kasachstan zu gründen. In diesem riesigen Territorium zwischen China, Tibet und Russland, gigantisch und Furcht einflössend zugleich, verteidigten die indigenen Stämme seit Jahrhunderten ihre Unabhängigkeit gegen Invasoren.

Sie bekämpften sich aber auch untereinander. Bodrovs Film lässt diesen historischen Moment mit epischem Gestus wieder aufleben. Fast wie in einem Western werden darin vor eindrücklichen Landschaftsbildern Liebesgeschichten und Schlachtszenen miteinander verknüpft.

NOMAD glänzt mit einer atemberaubenden Kinokulisse und hat eine beachtliche Produktionsgeschichte: Der Oscarpreisträger Rustam Ibragimbekov als Drehbuchautor, Sergei Bodrov und Golden Globe/Emmy-Gewinner

NOMAD**INTERNATIONAL FILM FESTIVAL LOCARNO: PIAZZA GRANDE**

remporté un Academy Award, et le metteur en scène Ivan Passer, couronné par un Golden Globe et un Emmy Award (Staline), accompagné du co-réisateur Talgat Semenov, ont su s'entourer des meilleurs talents internationaux tant devant que derrière la caméra – les chefs costumiers Marit Allen (Hulk, Eyes Wide Shut, Dead Man) et Michael O'Connor (Harry Potter et la Chambre des secrets, Greystoke), le célèbre directeur de la photographie suisse Ueli Steiger (Le Jour d'après) et le chef décorateur Miljen Kreka Kljakovic, lui aussi primé (Delicatessen, Underground) – pour donner vie à leur vision monumentale de l'honneur et de la trahison, de la passion et du sacrifice, d'un conflit sanglant et d'une renaissance triomphale.

Ivan Passer als Regisseure haben zusammen mit Ko-Regisseur Talgat Temenov internationale Talente vor und hinter der Kamera versammelt: Die Kostümdesignerin Marit Allen (HULK, EYES WIDE SHUT, DEAD MAN) und Michael O'Connor (HARRY POTTER AND THE CHAMBER OF SECRETS, GREYSTOKE), ebenso wie den Schweizer Kameramann Ueli Steiger (THE DAY AFTER TOMORROW) und den preisgekrönten Production Designer Miljen Kreka Kljakovic (DELICATESSEN, UNDERGROUND) – sie alle, zusammen mit dem beeindruckenden Cast, hauen dem monumentalen Film und einem packenden Genre neues Leben ein.

SERGEI BODROV: DIRECTOR'S STATEMENT

NOMAD was a great adventure. It was a such big movie that it took two cinematographers to shoot, three directors to direct, a few years to make. Each of us tried very hard.

I personally always was fascinated by Kazakhstan and I still have a lot of personal connections with this country. I lived here many years, I made here my first movies. I know that Locarno welcomed many interesting films from Kazakhstan and helped to introduce the young talented filmmakers to the world.

But the country was waiting for the epic movie. I couldn't say "no" when I was asked to help.

I think that it turned out as a really Kazakh film shot in the hot steppes with a huge crew, with the cast around the word and a with lot of passion.

I hope it will look good on the big screen on Piazza Grande. Pity, that I can't attend the screening. I am shooting another adventure film THE MONGOL in China.
